Read through the installation instructions carefully before installation and give this REVEGO safety supplementary sheet to the furniture user.

REVEGO contains hazardous trap points that can cause irreversible injuries during motion.
Do not reach into moving parts.

Risk of injury. When REVEGO is opening and closing, make sure that there are no children behind the fronts and keep a sufficient distance from moving parts.

Strong built-in magnets. People with pacemakers or other medical implants should keep their distance from the marked area.
