

# AVENTOS HK

Perfect for spaces with height restrictions

PRODUCT  
MEMO

**blum**

## Smooth motion for stay lifts

Stay-lift fronts can now be opened and closed easily. AVENTOS HK sets new standards in motion for low wall cabinets – all movement is silent and effortless.

The opening and closing forces for AVENTOS HK enable smooth stay lift operation.

The variable stop ensures that the front always remains in the desired position. In addition, BLUMOTION provides a silent and effortless closing action. The high-quality cover caps also ensure a sleek modern and harmonious appearance on the inside of the cabinet.

## Uniform programme

AVENTOS HK covers all common flap widths and heights with a minimal number of parts:

- For cabinet widths up to 1800 mm
- For cabinet heights up to 600 mm

i

Easy assembly and  
adjustment

The symmetrical lift mechanism can be used on the left or right.

Tool-free front assembly through the application of CLIP technology.

An infinitely variable 3-dimensional front adjustment is provided by the cam adjustment feature.

The lift mechanisms can be adjusted precisely to the corresponding door weight.
