AVENTOS HL
For parallel lift fronts

The "parallel lift" system for perfect motion

BLUMOTION inside

AVENTOS HL inspires through effortless motion: When opening, the flap lifts parallel to the cabinet. When closing, it glides silently and effortlessly back into place — thanks to BLUMOTION. AVENTOS HL is an excellent choice for wall cabinet applications and the upper half of tall cabinets. It can also be used for mid-cabinets that house small appliances.

Technology can be so beautiful

Along with high functionality, AVENTOS HL also inspires through its simple yet elegant design.

One programme that sets new benchmarks! AVENTOS HL covers all available flap widths and heights:

- For cabinet heights up to maximum 300 - 580 mm
- Cabinet width depends on the power factor up to 1800 mm

ⓘ Assembly and adjustment – fast, easy and comfortable

Easy removal and assembly, thanks to the tool-free CLIP technology.

The stabiliser is attached to the mechanism for optimal side stability.

The cover cap is attached to the lift mechanism without the need for tools.

⚠ Warning

Please note that only flaps that are adjusted properly will offer the visual results and problem-free function that you expect.

The lift mechanisms can be adjusted to the respective door weight. The 3-dimensional adjustment feature enables fronts to be precisely aligned.

Order specification

AVENTOS HL set (Maximum height: 580 mm)

Article No.	Weight	Qty*	Price/piece
20L2101	1.25-4.25 kg	2	S$ 39.94
