

CLIP top 155° for mitred application

PRODUCT
MEMO

 **blum**®

The new CLIP top 155°

Our CLIP mechanism has proven itself a million times over worldwide. Now we have re-engineered the CLIP top 155° to include a new closing mechanism, in combination with a new clip-on BLUMOTION 973A7000. The result: A 155° hinge that provides complete functionality & satisfaction.

Assembly made easy

- Tool-free door to cabinet assembly and removal thanks to CLIP technology
- Easy 3-dimensional adjustment
- Tool-free INSERTA technology, knock-in or screw-on options for hinge boss assembly
- Existing mounting
- Our CLIP mechanism has proven itself a million times over worldwide. Now we have re-engineered the CLIP top 155° to include a new closing mechanism, in combination with a new clip-on BLUMOTION 973A7000. The result: A 155° hinge that provides complete functionality & satisfaction.

CLIP top 155° is ideal for special applications such as mitred.
